

Shinfield Studios

Capital | Thermal

Shinfield Studios marks a major milestone as the first film studio project for Capital Thermal. This state-of-the-art facility is set to become a key hub for the UK's film and television industry boasting 13 newly constructed sound stages, with 5 more in development.

Proudly partnering with NG Bailey, with Lifebuild as the main contractor, we provided Thermal Insulation and Acoustic Insulation—ensuring optimal climate control and sound performance in this cutting-edge production space.

Overall services provided on this project include:

Thermal Insulation

Acoustic Insulation
