

Victoria Square

Capital | Thermal

Towering above Woking's flagship town centre, Victoria Square features two high-rise apartment blocks—one standing at 118m with 34 storeys, the other at 108m with 32 storeys.

Partnering with RDS, with Sir Robert McAlpine as the main contractor, Capital Thermal completed fire-rated insulation to ductwork in this mixed-use residential and hotel development.

Carrying out work during COVID restrictions, we adhered to strict government regulations while safeguarding our operatives—demonstrating our commitment to safety, precision, and adaptability.

Overall services provided on this project include:

Fire rated
Insulation &
Ductwork
